TASTING NOTES

Delicate pink in color, this cool climate rosé from Provence captures the terroir of Montagne St Victoire in the glass. Notes of white flowers, peach and fresh picked strawberry waft out of the glass. On the palate you initially find the minerality of Provence - richness from the sandstone and finesse from the limestone. The wine then opens up with the notes of stone fruit - white plums and apricots - balanced with a light salinity. The wine has a balanced structure and nice weight on the palate, with a clean, lingering finish.
